REPUBLIC OF GEORGIA Surrogacy Fees and Costs

Transparent, Physician-Managed Pricing — No Hidden Markups

REPUBLIC OF GEORGIA Surrogacy Fees and Costs

Transparent, Physician-Managed Pricing — No Hidden Markups

Form 6 | Rev. 2026

Typical Surrogacy Budget (Estimated)

The following budget is an example of surrogacy costs in the REPUBLIC OF GEORGIA through our agency for a gestational carrier to carry your embryo through baby delivery. Third-party fees for IVF Clinic and other medical expenses are estimated only and are shown here for reference. These expenses are paid directly to each provider as services are performed.

Surrogacy4All does not “mark up” any fees or expenses. You are billed for actual amounts incurred. The fees fall into three categories:

1. **Agency Fees** — paid to our agency. This covers gestational carrier matching, the carrier's medical/legal/psychological clearance, coordination of clinic procedures, and complete management of the pregnancy and delivery.
2. **Surrogate direct costs** — paid to the gestational carrier and related expenses.
3. **Medical expenses** — paid by you directly to IVF and other clinics.

1. Agency Fees

Application fee — covers Intended Parent background checks and processing	\$2,500
First Payment — due upon signing the Service Agreement	\$18,000
Total Agency Fees	\$20,500

Agency fees are non-refundable once paid (see Section V.F of the Service Agreement), but may be transferable to a program in another country or to another gestational carrier, as needed. Travel coordination costs are addressed under Surrogate Direct Costs below.

2. Escrow Setup Fee – We use Seedtrust

Payable approximately two months after initial medical clearance and contracts are signed.

Escrow setup fee	\$1,500
------------------	---------

Legal Fees

Payable approximately one month after initial medical clearance.

- Surrogate contract preparation
- Surrogate contract review
- Surrogate pre-birth order
- Pre-birth order filing and court fees
- Surrogate review of pre-birth order

Legal Fees	\$5,000
------------	---------

Surrogate Compensation

Payable monthly from the escrow account after embryo transfer. Base compensation is estimated and may be lower or higher depending on the carrier's experience and location.

- Surrogate base compensation (estimated — may be lower or higher)
- Up to \$2,500 paid to retain the gestational carrier at the start
- Monthly allowance
- Maternity clothes
- Start medications fee
- Mock cycle
- Embryo transfer fee
- Surrogate travel expenses for embryo transfer
- Childcare during long-distance travel

Surrogate Compensation	\$31,500
------------------------	----------

3. Medical Expenses — Paid Directly by Intended Parents to the IVF Clinic via the escrow account

Exact costs vary by IVF center and may be partially covered by Intended Parents' health insurance. These figures are estimates.

Initial Screening

Payable approximately one month after match. This may be partially or fully covered by Intended Parents' health insurance.

Initial screening	\$1,000
-------------------	---------

Embryo Transfer and Related Clinical Procedures

Payable approximately one month after contracts are signed. Some of these costs may be covered by Intended Parents' health insurance.

- Intended Parent medical evaluation
- Egg and sperm donor screening
- Donation, ICSI, fertilization, and incubation
- PGS/PGT genetic analysis
- Surrogate medical clearance
- Surrogate preparation and embryo transfer
- Donor and surrogate medications
- Physician support during the surrogacy
- Coverage through baby delivery

Embryo Transfer and Related Clinical Procedures through baby delivery	\$9,500
---	---------

Recommended Total Budgeted Cost Summary

1. Application and agency fees	\$20,500
2. Direct surrogacy costs	\$31,500
3. IVF, legal, escrow, misc. and medical costs	\$17,000
Estimated Total	\$69,000

These costs are estimates. Actual costs may differ depending on the specific services provided by various parties and the terms of your gestational carrier contract. Some costs may be covered by health

insurance, and some expenses may be tax-deductible. The IVF and medical cost range reflects variation by insurance reimbursement and IVF center.

Estimated Payment Schedule

This table shows the approximate timing of major payments, assuming a gestational carrier is matched within the first two months. Amounts shown for surrogate compensation and insurance are monthly figures payable from your escrow account once embryo transfer occurs.

Month 1 — Application fee + First Payment (agency fees)	\$20,500
Month 1–2 — Paid to IVF clinic; escrow	20,000
Month 3-4 — Surrogate management costs and Legal fees	\$6,000
Month 6 — Surrogate compensation & insurance (monthly, from escrow)	\$22,500
TOTAL	\$69,000

Next Steps

1. Complete Forms #1 to #5 and return them to us at the address below, or complete forms online, at your preference..
2. Do not send any funds with your paperwork. We will invoice you after reviewing your documents.

3. The initial invoice will be for \$20,500 (application fee plus First Payment) to begin your journey.
4. Your gestational carrier is then referred to your IVF clinic for medical screening and approval.
5. In parallel, we will arrange for you to set up an escrow account at SeedTrust for future medical, surrogacy, and other expenses. We recommend an initial wire transfer of \$25,000, with additional funds added as needed. You can monitor and control disbursements from your escrow account online.
6. Your gestational carrier then begins the surrogacy journey at the IVF clinic, including embryo transfer.
7. Our agency continues to collaborate with your gestational carrier and provide support and monitoring until your journey is complete.

From Careful Planning to a Beautiful New Beginning

Questions? Call us at (212) 661-7673. We're happy to discuss our surrogacy program, financing options, and health insurance coverage, and to help you finalize the option that's best for you.
